Dear Parent(s):

Thank you for pursuing a Christian education for your child and especially for your interest in Oakhill Christian School. OCS has been in the ministry of educating young minds for 35 years. From the beginning, we have had as our goal to provide our students with a Biblical world view and equip them with the tools to excel in the ever-changing 21<sup>st</sup> century. Please take a few moments and browse through the information as you prayerfully consider joining the OCS family.

OCS is committed to training your child up in the ways of the Lord. However, the Christian education that your child receives at Oakhill is but one part of a three-stranded cord that encompasses the larger umbrella of Christian education. Ecclesiastes 4:12 states, *"Though one may be overpowered, two can defend themselves. A cord of **three strands is not quickly broken.**"* The three strands of Christian education are the family, your church, and the Christian school. As you can see, what we do during the day is not the entirety of Christian education. We are just one part of the process. Though we are one part, the Christian School is still vitally important. Note the progression in the scripture from Ecclesiastes. **The family is the most critical component yet, if it stands alone, it may be overpowered.** God intends a greater strength to uphold the family as it is united with the church. Together they can defend, as it says in the Biblical passage. But a child raised in a Christ centered family, growing in a spiritually vibrant church, and supported by Christian education is not *'easily broken'*. I believe that is God's best.

We are grateful for the opportunity to work in partnership with the home and church to help young people develop their God-given abilities so they might become effective servant leaders of Jesus Christ.

The administration, faculty, and staff at Oakhill Christian School have committed this institution to the highest standards of Christian conduct. We are committed to allow and nurture an honorable community of students, faculty, and parents. An honorable community is more than a commitment to follow a set of rules. It is a commitment to an honorable lifestyle.

Please review the information in the enclosed folder. To further the registration process, please return the new student application to the school office. Thank you for your inquiry.

In His Service,

Jim Eaker, Principal
