

Oakhill Christian School

Home of the Royals

Dear Parent,

It takes a minimum of three legs for a stool to be stable. It takes the three legs of home, church and school for a student to be stable as well. When all three are training with the same goal and expectations, you achieve a solid outcome.

Oakhill is committed to a Biblical Worldview education. People look at the world through a filter. It is the Biblical Worldview that allows each of us to follow God's plan for our lives. It is our goal to partner with families to fulfil God's purpose through educating your student. As we strive to install Biblical Worldview training into each student's life.

Parent involvement is greatly accepted here at Oakhill. There are many activities during the school year for parental participation. It takes YOUR support and involvement to make these activities a success for our students.

We are excited that you have chosen to entrust your greatest treasure with Oakhill Christian School! We do not take for granted the responsibility and the privilege to teach your children.

In His Service Together,

Dr. R. Jay Nelson
Superintendent
Oakhill Christian School
